CROSS-BORDER TRUCKING SERVICES

Service given at first hand – “UNISERVICE GROUP” is a direct provider of cross-border trucking services, which is our distinctive aspect. We will help you organize cross-border freight of goods by undertaking all the issues of logistics and custom registration of internationally freighted goods. We will also help you formalize trucking of outweighed and oversized goods.

The specialists of “UNISERVICE GROUP” can formalize every aspect of international commercial activities, from logistics and cross-border freight formalization to customs clearance and delivery of the goods to the client’s warehouse. After you place an order for our trucking services, “UNISERVICE GROUP” will decide every issue of cross-border trucking.

Our company can also maintain all foreign trade activities for you. Two trading companies work for these purposes - [EuroTrading](#) and [RusTrade](#)
